Subject: Approval of Utah Food Handler Training Provider Program, Food Safe Pal

Dear Mr. Gavin Van De Walle,

Section 103-8 of Rule R392-103 requires food handler training providers to submit a training program summary (application) to the Utah Department of Health and Human Services (Department) prior to approval. On April 3, 2023, Food Safe Pal submitted the required application to the Department.

The Department has reviewed the application and determined that the Food Safe Pal food handler training program meets the training objectives contained in R392-103-6. The food handler training program is hereby approved and validated, and Food Safe Pal has been placed on the list of approved food handler training providers in Utah. This letter should be kept for documentation of program approval and validation. Subsection R392-103-8(5) requires food handler training providers to submit an application for program revalidation to the Department every three years. The Department will provide courtesy notification to you approximately ninety days before the revalidation deadline, which is approximately three years from the date of this letter.

If you have any questions, please feel free to contact me or Cassandra Fairclough at 801-538-6191.

Sincerely,

Karl Hartman
Environmental Health Program Manager
